

P4 Enrichment Program 2009-2010

Trimester 3: March 15, 2010 – June 16, 2010

An opportunity for your child to play, interact, and explore with their friends beyond the regular P4 scheduled day! Register for as many days a week as you feel your child is ready to experience.

Program Offerings

Monday – Friday, 11:30am – 1:30pm

Monday - "Explorers Club: Science & Cooking"

We will explore and learn about science through experiments, predictions, and examining the results. During this time, we will also be exercising our creative cooking abilities to learn about recipes, quantities and safe food preparation.

Tuesday – "Music Makers"

We will go upstairs to the Convent Meeting Room to experience music through listening, singing, playing instruments, and moving. There will be many opportunities to learn new songs, as well as create our own.

Wednesday – "Book Club"

We will explore in-depth many award-winning children's picture books. We will accomplish this through discussions, dramatic re-enactments, and by creating our own group stories, books, and poems.

Thursday – "Artists Workshop"

During this Artists Workshop, we will be learning about famous artists and exploring many different mediums. We will use our newly gained knowledge about art to create our own masterpieces.

Friday – "Movers and Shakers"

We will use yoga, dance, games, and play to experience many different ways in which our bodies can move and balance.
