

Expanding the Preschool Experience for Threes

Families can register for one or more of our optional classroom extension programs, available on a semester basis for an additional fee/s.*

- First semester optional classroom extensions must be selected on or before August 1.
- Second semester optional classroom extensions must be selected on or before January 1.

Changes to optional preschool programs can only be made at the start of the next semester.

Forest School: Taught by our P3 teacher and supported by a teacher assistant, Forest School is an amazing in-depth nature experience of the magical places of our 31 acre campus.

Creation Station & Outdoor Play: During *Creation Station*, students will use craft and recycled materials to invent and solve problems while having fun. In *Outdoor Play* students will explore the many campus play areas, getting plenty of exercise and creative movement through a variety of gross motor games and activities.

Extended Day Program: Please review information about enrichment classes and after-care offered through our [Extended Day Program](#).

*Please contact Villa Admissions at admissions@thevilla.org for specifics on optional classroom extension fees
