

VILLA ACADEMY

Every gift counts

YOU CAN MAKE A DIFFERENCE

Will you help?

VillaNOW is the cornerstone of philanthropy at Villa Academy.

From scholarships to salaries, from the arts to the orchard – gifts to VillaNOW benefit every student, every day. Your gift helps strengthen our academic program and attract the talented faculty and staff necessary to continue our tradition of educational excellence and to live out our mission of educating compassionate hearts and confident minds.

- ✓ **\$25** per student purchases new books for our library, supporting our reading curriculum "Read around the World," updating the Washington State Educator books series, and adding to our Kindness collection.
- ✓ **\$75** fills the greenhouse with herbs, tomatoes, onion, cilantro, and pepper seeds for our students to grow their own salsa and Communi-Tea in the garden, offering a natural laboratory for our 3rd graders.
- ✓ **\$225** refills Miss Christine's box of mittens to keep our littlest learners hands' warm while they bond and take care of each other "in the wild."
- ✓ **\$450** brings two visiting teaching artists to the classroom, allowing students to deeply engage with topics including racism, disability rights, food injustice, and environmental issues.
- ✓ **\$550** covers the annual subscription to Character Strong used in the Middle School Advisory learning curriculum to teach students social-emotional skills while focusing on Independence, Community, and Leadership from 6th through 8th grade.
- ✓ **\$640** equips the kitchen with 160 reusable lunch containers, allowing our hot lunch program to be delivered to students, and preventing them from congregating in the school servery while also reducing waste.
- ✓ **\$1,000** brings in clinicians, guest conductors, to our ensemble at a point in the year when students are the most focused, playing their best, and working the hardest toward a common goal: an outstanding concert.

Each and every gift, whether it is \$50 or \$50,000, is a vote of confidence.

Each gift allows the school to be nimble and responsive to the needs of the moment. It reflects the strength of our community and a shared commitment to our students.

- ✓ **\$1,750** invests in GPS units, soil testing equipment, and ArcGIS, for 7th grade science students to take advantage of our awesome campus by holding class outside every Friday; and students make digital maps highlighting the soil quality at different locations on our campus.
- ✓ **\$3,000** renews the annual subscriptions to IXL, Raz-Kids, and Learning Ally to supplement and incorporate a wide range of adaptive technology to ensure those students can access the grade level material in a format that serves them best.
- ✓ **\$4,600** fills the art room with drawing, printmaking, painting, sculpture, ceramics, and other art supplies allowing K-8 to explore a range of art forms with a dedicated teacher who encourages risk-taking and personal growth.
- ✓ **\$5,000** a month rents the tents and side walls keeping our students dry while they eat lunch outside, ensuring a safe and healthy learning environment for all students and staff.
- ✓ **\$12,500** purchases the programming and devices where K-5th grade Tech students learn Blockly code, SCRATCH, and SNAP languages, Javascript and Python languages, and practice on Finch Robots, Lego EV3 robots, and GOPIGo Raspberry Pi cars.
- ✓ **\$18,050** is the average financial aid award given to support a student who could not otherwise attend Villa.

Each and every gift, whether it is \$50 or \$50,000, is a vote of confidence.

Each gift allows the school to be nimble and responsive to the needs of the moment. It reflects the strength of our community and a shared commitment to our students.
